Our Behavioral Health Services

Our behavioral health professionals can help improve the quality of life for you and your family by working with you through difficult times — a serious illness, job loss, financial distress — and by improving your relationships.

Our behavioral health services include:

- Clinical Assessment
- Individual Therapy
- Family Therapy
- Group Therapy
- Psycho-Educational Therapy
- Crisis Intervention
- Case Management
- Prescription Coordination with Primary Care Provider
- Referrals

The Health Center's co-located services make it easy for you to receive behavioral health care and primary care in one convenient location.

Our Behavioral Health Team

Our goal is to deliver quality, affordable behavioral health services and to provide the support you need in a caring, confidential environment. Our Behavioral Health Specialists have experience working with adults and teens, individuals and families. They can help you learn communication strategies and life skills to improve the quality of your life and your relationships. Our Behavioral Health Specialists work with our Primary Care Providers to design a treatment plan tailored to your needs, including any appropriate prescriptions.
